Sub: Notice Inviting Tenders for Intrinsically Photosensitive Fiber etc.

Dear Sirs,

We are interested in purchase of the following:-

S.No.	Description of Materials	Quantity	EMD
1.	Intrinsically Photosensitive Fiber etc. as per enclosed specifications Note: Kindly submit EMD for Rs. 25,000.00 in the shape of Demand Draft / Bank Guarantee in favour of Director, CSIO, Chandigarh alongwith the bid. The tender received without EMD will not be considered & shall summarily be rejected which may please be noted.	As per enclosed specifications	Rs.25,000/-

Kindly send us your quotation as per terms and conditions mentioned overleaf.

Yours faithfully,

Stores & Purchase Officer

Terms and Conditions

1. Please send your quotation **in triplicate** showing FOB Prices with full specifications & supporting technical literature. The envelope should be superscribed “**TENDER FOR – Intrinsically Photosensitive Fiber etc. Your REF. NO. CSIO/4(1310)/Pur. Due on 11.02.2009 upto 2.30 PM and opened at 3:00 P.M.**”
 2. Kindly mail your quotation well in advance so that the same reaches us before the due date because late/delayed/incomplete tenders are not be considered at all.
 3. Tenders/Quotations sent by FAX/E-mail are not be considerable if more than Rs. Two lakh.
 4. Please quote FOB gateway airport prices. All charges including pick up, documentation and handling charges will be borne by the foreign supplier. The Air freight and Insurance charges is to be paid by the buyer in India, however estimated Air Freight and Insurance Charges should be mentioned in your Proforma Invoice to arrive at CIF value.
 5. Please send catalogue/leaflet alongwith your Proforma Invoice.
 6. The gross weight of the consignment may be intimated in the Proforma Invoice to decide the mode of dispatch.
 7. The Proforma Invoice should be valid for six month from the date of opening.
 8. **Liquidated Damages:** Being a Research and Development Organisation, time is essence of the order the date of delivery should be strictly adhered to. Otherwise the Director of this Organisation reserves the right not to accept delivery in part of full and to claim the liquidated damages 1% per week subject to maximum 5% of FOB value of the order.
 9. **Fall Clause:** The price quoted by the supplier should not be higher than the maximum retail price, if any, for the stores and the same shall not be higher than the price usually charged by the supplier for stores of the same nature, class or description to any other purchaser.
 10. Does the prices quoted include any Commission for your Agents in India, if so, please state:-
 - a. the name and full address of the Indian Agents.
 - b. what services the Agents will render
 - c. the amount of the Agency Commission for the agents are included in the quoted prices
 - d. In the event of order being placed on you, the amount of commission to your Agents in India is payable in Indian Currency after receipt of goods which should be mentioned in the Proforma Invoice.
 - e. The Invoice to be presented by you will be for the value of our order **less** Agency Commission payable in Indian Currency to your Indian Agents.
 11. **In the event of sending the quotation/proforma invoice by the Indian Agents of foreign suppliers they must enclose an authority letter from their Principals that the Indian Agents namely _____ are authorized to quote on their behalf and the terms and conditions settled by the Indian Agents with the buyer will be binding on their Principals.**
 12. **Instructions for Indian Agents:**
 13. Agents in India of Foreign manufacturers shall submit alongwith the tender an income tax clearance certificate alongwith other relevant documents i.e. a copy of registration certificate from DGS&D in support of their being Agents of the foreign manufacturers
 14. The Agency Commission included in the Tender must be disclosed correctly which will be paid in Indian Currency after receipt of the goods at destination in satisfactory condition. Any breach or default on the part of the suppliers/Indian Agents to disclosure of Agency Agreement in India, there would be a penalty of banning business and dealing with the Govt. or damages or payment of named sum.
 15. **Performance Bank Guarantee:** The supplier has to provide the performance bank guarantee for 10% of FOB value for warranty period after the satisfactory installation and commission of the equipment/instruments or supply of materials in good condition as the case may be
 16. **Terms of Payment: -**
 - a. No advance payment with the order or before dispatch of consignment of goods will be accepted as our rules do not permit for the same.
 - b. One of the following payment terms are acceptable which must be mentioned in your offer;
 17. Credit basis: The payment will be made after receipt of the goods in good condition by bank draft.
 18. Sight Draft: The payment (90%) is released against the shipping documents through our banker which will be mentioned in the order & balance after receipt of goods in good condition.
 19. Letter of Credit: The letter of credit for 100% FOB value will be established in the supplier’s country after acceptance of order with its terms by the supplier. 90% payment will be released against shipping documents and balance 10% is released after receipt of the goods in good condition/satisfactory installation (wherever necessary) at Destination.
- **NOTE: - Kindly clearly mention the packing, forwarding, freight, insurance charges wherever applicable. The tenders received without showing these charges will be rejected.**

Item 1: Intrinsically Photosensitive Fiber - 500 meters

Specifications:

Type of fiber:	Intrinsically Photosensitive Fiber
Operating Wavelength:	1550 nm (typical)
Numerical aperture:	0.12 - 0.18
Mode field diameter:	7.0 – 9.6 μm
Cut-off wavelength:	1260 - 1360 nm

Item 2: Standard Single Mode Fiber - 1100 meters

Specifications:

Type of fiber:	Standard Single Mode Fiber
Operating Wavelength:	1550 nm (typical)
Mode Field Diameter:	9.6 – 10.6 μm
Cutoff Wavelength:	\leq 1260 nm
Numerical Aperture:	0.13- 0.15 (typical)

Item 3: Cladding Mode Suppressed Photosensitive Single-Mode Fiber - 500 meters

Specifications:

Type of fiber:	Cladding Mode Suppressed Photosensitive Single Mode Fiber
Operating Wavelength:	1400 – 1600 nm (typical)
Mode Field Diameter:	9.1 – 9.6 μm (typical)
Numerical Aperture:	0.13- 0.15

Item4: Ytterbium-Doped Double-Clad Fiber- 50 meter

Specifications:

Type of fiber:	Ytterbium-Doped Double-Clad fiber
Operating Wavelength:	1060 - 1110 nm typical
Mode Field Diameter:	7.5 – 9.5 μm
Cutoff Wavelength:	\leq 1100 nm
Cladding N.A. (nominal):	0.48
Core N.A. (nominal):	0.10

Item 5: Erbium/ Ytterbium Co-Doped Double-Clad Fiber -50 meters

Specifications:

Type of fiber:	Erbium/ Ytterbium -Doped Double-Clad Fiber	Operating
Wavelength:	C-Band and L-Band	
Mode Field Diameter:	5.9 - 8.0 μm	
Numerical Aperture:	0.16- 0.24
