CSIR-CSIO

Central Scientific Instruments Organisation (CSIO), a constituent unit of Council of Scientific & Industrial Research (CSIR), is a premier national laboratory dedicated to research, design and development of scientific and industrial instruments. It is a multi-disciplinary and multi-dimensional apex industrial research & development organisation in the country to stimulate growth of Instrument Industry in India covering wide range and applications. It is located at Sector-30C, Chandigarh.

About MESES 2020:

The Workshop aims to update and enlighten the concepts in material chemistry and engineering for graduate, under-graduate, doctoral students and young faculty. A special focal theme is covered on application of materials for sustainable solutions for environment (water, air, soil) and energy (renewable energy). Following topics will be covered in the workshop:

- Material Chemistry
- Fundamental of Materials Physics
- Methodologies for Materials Engineering
- Coordination chemistry for sensor design
- Materials in solar hydrogen production.
- Organic materials for environmental application.
- Advance synthetic Organometallic Chemistry
- Functional Materials for Sensor Design

SCIENCE ACADEMIES'S LECTURE WORKSHOP ON

Materials Engineering for Sustainable Environment and Energy (MESES-2020)

January 09-10, 2020

Sponsored by

Indian Academy of Sciences, Bengaluru
Indian National Science Academy, New Delhi
The National Academy of Sciences, Allahabad

Venue: CSIR-CSIO, Chandigarh
