

TRANSFERRED TECHNOLOGY of IMPEDANCE BASED GRAIN MOISTURE ANALYSER (IGMA) to M/S R L WASON & Co., JALANDHAR

May 27, 2017:

CSIR-CSIO Transferred Technology of Impedance based Grain Moisture Analyser (IGMA) to M/s R L WASON & Co., Jalandhar for its indigenous production. This technology will help farmers to harvest crops at right time after ensuring correct moisture levels.
